

# UNDERSTANDING YOUR UKRAINIAN VISA

Number of entries on your visa.

NOTE: Entries are spelled in Ukrainian with the corresponding number in parenthesis. Most Ukrainian visas are either:

Одноразова (1) - single entry

Дворазова (2) - double entry

Багаторазова (М) - multiple entry

Place of issuance. If you obtained your visa in the U.S. it should read New York, Chicago, or Washington, D.C.

Issuance and expiration date for your visa.

NOTE: The date is spelled day-month-year, not month-day-year like in U.S.

Thus, this visa is valid from **January 5 until July 5, 2002** and NOT **May 1 to May 7, 2002.**
